Ordering Your Print Requirements Online

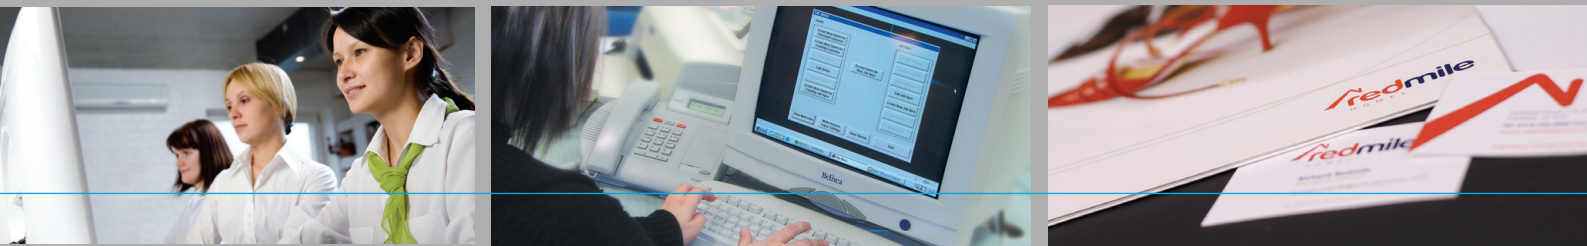

E-commerce Site

Our on-line system has been fully developed in house which ensures we can tailor it to meet your needs and scale it to suit your business. For the last 10 years we have delivered robust and innovative solutions that keep our customers ahead of the competition. This is your opportunity to join them.

HORNER BROTHERS
PRINT GROUP

E-commerce Site

JUST SOME OF OUR CAPABILITIES:

- Print on demand
- Call off items from stock
- Request pricing quotations
- Configure personalised data
- Artwork online- view and approve
- All management information available online

OUR OFFERING TO YOU:

Services -

- Complete visibility of your entire portfolio
- Order from your product catalogue, call off from stock or create personalised items
- Immediate on-screen approval for all personalised print
- Product images available to view before ordering
- Automatic stock alerts are sent to you directly to inform you of low or non-moving stock
- Management information provided so that you have full details of purchasing behaviour in order to make cost saving decisions and review departmental print requirements

User help -

- User guides, screen flows and e-mail support available to make your experience as easy as possible

Service levels -

- 24/7 availability of the web platform
- Next day delivery for stock items

Technology -

- ASP.Net/C# (The language that the systems are written in)
- IIS 6.0 (what we use to serve the web)
- Internet Explorer 5+

Integration -

- Automated data exchange with back office ERP / CRM systems e.g. SAP
- Integration with purchasing / invoicing systems e.g. Ariba, OB10, SAP and Amex
- Eliminates paper invoicing by transferring data between businesses electronically

YOUR BENEFITS:

Control -

- Brand guidelines are installed and adhered to; rules can be implemented into the system and alterations can't be made by individuals
- You can restrict access to certain products by user
- Cost centre validation can be put in place to ensure maximum accountability
- Purchase limits available, giving minimum and maximum grabs

Cost reduction -

- Reduce unnecessary usage / waste
- Highlights areas that can save you money and also gives you more time to focus on your core activities

Security -

- Only available to authorised users via registered account or integrated pass through from your own procurement system
- User registration validated through an authorisation process

Management Information -

- Meaningful information available online in real-time that enables better decision making
